Permit No. 8132 )

THIS MATTER came on to be heard before the North Carolina Board of Pharmacy (the “Board”) on June 17, 2014, pursuant to a request by Jabez Home Infusion Company (“Jabez” or “Respondent”) to enter this Consent Order Terminating Summary Suspension. After appropriate notice, the matter was heard by Board President Gene Minton and Board Members Dr. J. Parker Chesson, Jr.; Carol Yates Day; E. Lazelle Marks; Robert McLaughlin, Jr., and William A. Mixon at the offices of the North Carolina Board of Pharmacy. Respondent Jabez Home Infusion Company was informed of its right to be present at the hearing, in person, and to be represented by counsel, and waived those rights. Board Counsel Clinton R. Pinyan and members of the Board’s investigative and legal staff were present at this hearing.

**FINDINGS OF FACT**

1. Since September 16, 2002, Respondent Jabez Home Infusion Company located at 2495 Hemby Lane, Suite B, Greenville, North Carolina, has been the holder of permit number 8132, with the exception of a period of summary suspension as described herein.

2. On March 7, 2014, the Board issued an Order Summarily Suspending Permit (the “Summary Suspension”), requiring Respondent to immediately cease any practice of pharmacy in North Carolina. The suspension was related to concerns that Respondent’s compounding practices could not assure the protection of the public health, safety and welfare.

3. After the Summary Suspension, Respondent hired a new proposed pharmacist-manager who has made changes to its planned sterile compounding practices in response to the

Board's findings of deficiencies. In May and June 2014, Board Investigators inspected Respondent's facility and reviewed its revised policies and procedures.

4. Respondent has requested termination of the summary suspension, pending the final disciplinary hearing on the complaint before the Board.

5. Respondent has represented that, in the future, it will not engage in high-risk sterile compounding, as defined in USP <797>. This provides the Board with additional assurances of the protection of the public health, safety and welfare.

6. Within 90 days of resumption of compounding activities, Respondent will be subject to inspection by the Board to determine if Respondent is operating within its revised policies and procedures and if Respondent is otherwise practicing in a fashion that assures the protection of the public health, safety and welfare. Respondent shall cooperate with the Board, its attorneys, investigators and other representatives in any inspection or investigation.

### **CONCLUSIONS OF LAW**

In order to resolve the request for termination of the Summary Suspension, the Board finds and concludes that it is appropriate to grant the request for termination of the Summary Suspension. This conclusion is made solely to resolve the request for termination of the Summary Suspension. There is no admission, finding or conclusion about the merits of the complaint against Respondent, nor about any discipline that might or might not be appropriate after a final disciplinary hearing. In addition, this Order is entered without prejudice to any future disciplinary action, including but not limited to any future summary suspensions, based upon the results of any future inspection or complaint (including but not limited to the inspection referenced in Paragraph 6 of the Findings of Fact).

Based upon the foregoing, and with the consent of the parties, IT IS THEREFORE ORDERED that the request for termination of the Summary Suspension related to Respondent Jabez Home Infusion Company, Permit No. 8132, is GRANTED, and the Order Summarily Suspending Permit, dated March 7, 2014, is hereby terminated. Respondent is permitted to resume the practice of pharmacy in North Carolina

This the 17<sup>th</sup> day of June, 2014.
