## ETHAN SMITH

---

Publix Pharmacy Manager and MCPHS University graduate, Ethan Smith has over 11 years of retail pharmacist experience. Born and raised in Vermont, Ethan gained his first six years of professional experience with Hannaford Brothers and has been a proud Publix employee since 2017. In his tenure with Publix, Ethan has managed three locations—he is the current, acting Pharmacy Manager at store 1765 in Huntersville, NC and has lent support in numerous store openings in both Florida and North Carolina.

Ethan's passion for community service was planted at a young age when he began volunteer rescue service as an EMT beginning at age 16. Ethan was named "rookie of the year" in his first year of service, for his clear passion to give back to the community. Ethan continued his weekly volunteer service for over 9 years, selflessly serving his community on hundreds of emergency calls for aid. You will also see Ethan multiple times per year at Publix Serves events around the greater Charlotte area.

When he's not fulfilling his duties as an active preceptor for Wingate pharmacy students or working to complete his MBA, in his free time Ethan enjoys working out at Orangetheory Fitness, tackling landscaping projects around his new North Carolina home, and spending time with his wife and their French Bulldog, Roo.
