
MICHAEL A. HOFFLER

Dr. Michael Hoffler, a native of Elizabeth City, North Carolina, a product of the Elizabeth City Pasquotank Public School System and a man of humble beginnings, hard work and progressive thinking. Dr. Hoffler completed his post secondary education at Elizabeth City State University, with a Bachelor's of Science in Biology, and an accompanying minor in Chemistry. Following his tenure at ECSU, Dr. Hoffler matriculated through Florida Agricultural and Mechanical University College of Pharmacy and Pharmaceutical Sciences, graduation in 2015 with a Doctor of Pharmacy.

Dr. Hoffler does not strive to be a perfect leader, but a servant leader, cultivating growth and prioritizing the wellbeing of the community as a whole. Dr. Hoffler intends to increase awareness of the board's purpose as well the importance of the board's actions. Serving as a member of the North Carolina Board of Pharmacy, Dr. Hoffler would bring an open and encompassing perspective. A fresh outlook that is relatable to pharmacists in various capacities, from those newly embarking upon their journey, to those trailblazing the field of pharmacy, and those that are leading pharmacist alike.

Dr. Hoffler has served as a member of the Omega Psi Phi, Fraternity Incorporated since 2008, prioritizing scholarship, service, character and perseverance. Dr. Hoffler continues to push the needle, further impacting his community, with his Non-Profit Organization, Stay Ready Foundation. An organization whose mission is to provide youth and adults alike with essential tools to better themselves, propelling them into a brighter tomorrow.

Dr. Hoffler currently resides in Elizabeth City, North Carolina, as he passionately serves the great state of North Carolina on a community level as a retail pharmacist, as well as on a broader scale as a clinical pharmacist for Elevance Health. He takes pride in serving his immediate community of Elizabeth City, as well as the greater North Carolina area. Given the opportunity to serve as a member of Board of Pharmacy, Dr. Hoffler will surpass the benchmark set, exceeding expectations to ensure that both pharmacists and the community receive the service that they deserve.
